### Description

North Yorkshire Council (the Authority) are seeking to invite interested suppliers to a market engagement webinar to outline its current housing system landscape, describe its requirements, as well as set-out the Authority's desired future objectives. The proposed webinar date is Tuesday 4th November 2025. The systems in place manage all aspects of housing, including housing allocations, housing tenancies (including housing income management), asset management, homelessness and anti-social behaviour. The Authority would then be interested in further market engagement with those suppliers who attended the webinar: 1) A request for information to understand further details about your proposed solution. This would be issued after the webinar, with submissions by the end of the first week in December. 2) Follow-up discovery sessions with suppliers to demonstrate their proposed solutions. These would take place in the final week of November. Please note, that while this is the Authority's intention, at this stage the Authority is making no commitment to undertake any further market engagement following the webinar. All dates

and values given in this notice are indicative and subject to change at procurement.
