# Site Steam Upgrade Project - Principal Contractor & Installation Package

THE PIRBRIGHT INSTITUTE

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-066245

Procurement identifier (OCID): ocds-h6vhtk-05cead ([view related notices](#))

Published 17 October 2025, 11:43am

## Scope

## Description

The purpose of this project is to increase the Institute's sustainability (both environmental & financial), reduce carbon emissions and safeguard the steam supply to all buildings utilising steam generated at Pirbright.

This will be achieved by a combination of the following three factors:

- New steam main & condensate recovery system to steam users currently served by the end of life Western Boiler House.
- Removal of inefficient and end of life Western Boiler house & increasing load on the currently underutilised, efficient, EC1 steam generation plant by 450kWh (585 kg/hr).
- Upgrading 2 of 4 EC1 steam boilers with burners capable of 10:1 turndown ratio to enable more efficient operation at low production rates during summer months.

#### Contract Scope

The contract is for a single supplier to act as the Principal Contractor and complete all works as follows:

- Supporting the Stage 4 design with client nominated designer and Project Manager
- Supply and Installation of EC1 steam boiler burners (x2).
- Steam connection & packaged steam – LTHW interface to Engineering workshop
- Enabling works for new steam & condensate return connections located on EC1 steam distribution and WBH.
- Supply and installation of steam and condensate equipment.
- Facilitate installation & commissioning of EC1 boiler burner replacements.
- Supply and installation of new steam connection & condensate return including all required equipment.
- Deliver a phased changeover of steam delivery from the WBH to the newly installed connection fed from EC1.
- Decommission, removal and disposal of WBH and associated redundant equipment.
- Disconnection and isolation of gas, compressed air and mains water.
- Commissioning and handover including Project Information Folder (PIF) is provided to the client Project Manager.

## **Total value (estimated)**

- £320,000 excluding VAT
- £384,000 including VAT

Below the relevant threshold

## **Contract dates (estimated)**

- 22 December 2025 to 9 June 2026
- 5 months, 19 days

## **Main procurement category**

Works

## **CPV classifications**

- 42160000 - Boiler installations
- 42162000 - Steam-generating boilers
- 42165000 - Steam condensers
- 44163140 - Steam and water pipes
- 45251230 - Steam-generation plant construction work
- 45331110 - Boiler installation work
- 51130000 - Installation services of steam generators, turbines, compressors and burners
- 71320000 - Engineering design services
- 71321200 - Heating-system design services

- 71323200 - Plant engineering design services
