## **BLC0288 Open Source Intelligence (OSINT) Social Media Screening Capabilities**

BLUELIGHT COMMERCIAL LIMITED

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-066354

Procurement identifier (OCID): ocds-h6vhtk-058739 ([view related notices](#))

Published 17 October 2025, 2:22pm

### **Scope**

### **Reference**

BLC0288

### **Description**

Further to the UK02: Preliminary market engagement notice published 13th August 2025 (ref: 2025/S 000-048481) and the subsequent market engagement session held, BlueLight Commercial will be hosting a second market engagement webinar to provide interested suppliers with an update on the intended procurement to establish a national framework for Open Source Intelligence (OSINT) social media screening capabilities for policing. We have now established that this framework will be to establish technology solutions to aid OSINT screening activities only and will not cover any form of screening as a service.

This market engagement session will look to provide further detail on some of the unknown areas at the last session held in September. The session will cover:

Scope of the framework

Structure of the procurement process

Gateway requirements

Indicative high-level requirements

Timeline for the procurement

We want to hear from the market during this engagement session and encourage attendees to feedback whilst on the call.

This session is intended as awareness, communication, and informing the market of the objectives of the framework, the tendering process and key timescales for framework go live. It is not a call for competition and as such potential providers will need to express interest in any future opportunity once a tender notice is published on Find a Tender Service (FTS).

This preliminary market engagement notice is not a pre-qualification questionnaire and is not part of any pre-qualification or selection process and is intended as an awareness, communication, and information gathering exercise only to help inform a subsequent procurement exercise.

BlueLight Commercial are utilising an electronic tendering portal (In-Tend) to manage this procurement and as such interested individuals and organisations will need to register on the portal to express their interest, using ref BLC0288. Please note that it is free to register on In-Tend, which can be accessed via <https://sell2.in-tend.co.uk/blpd/publictenders>

## **Commercial tool**

Establishes a framework

## **Total value (estimated)**
