VI.3) Additional information

LHC Procurement Group Limited (LHCPG) is a not-for-profit Central Purchasing Body acting on behalf of contracting authorities across England, Wales and Scotland, including the regional hubs:

Scottish Procurement Alliance (SPA)

Welsh Procurement Alliance (WPA)

LHC currently monitors and supports delivery of up to 500 live projects across these regions at any one time. The development of this framework has been informed by continuous consultation and feedback from our partner organisations and clients, ensuring the framework is designed to meet the broad and diverse requirements of the public sector.

As a result, while many contracting authorities have contributed directly to its development, all other public sector bodies that fall within the definitions of “contracting authorities” under the Public Contracts Regulations 2015 and the Procurement (Scotland) Regulations 2015 may also access and use this framework where it offers a value-for-money solution.

A list of contracting authorities eligible to use LHC frameworks is available via the following links:

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

The Contractor shall ensure that all contracts with Subcontractors and Suppliers which the Contractor intends to procure following the Commencement Date, and which the Contractor has not, before the date of this Contract, already planned to award to a particular Subcontractor or Supplier, and are awarded following a fair, open, transparent and competitive process proportionate to the nature and value of the contract.

Community benefits are included in this requirement. For more information see:
<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

LHC clients may include community benefit requirements within their call-off contracts under this framework. These may include, but are not limited to:

Creating employment and training opportunities for priority groups.

Supporting vocational training and workforce upskilling.

Promoting equality, diversity, and inclusion initiatives.

Creating sub-contracting opportunities for SMEs, the third sector, and supported businesses.

Developing and strengthening supply chains.

Building capacity within community organisations.

Supporting education and social value initiatives.

The Contractor shall ensure that all subcontracts or supplier arrangements established after the commencement of this framework are awarded following a fair, open, transparent, and competitive process proportionate to the value and nature of the opportunity.

There is no obligation to use PCS to conduct such sub-contracting processes.
