Description

This framework covers a broad range of construction-related services for public buildings across multiple value bands.

It includes new build projects delivered using traditional methods or modern framed/panelised systems, refurbishment and restoration of existing and listed public buildings, and associated infrastructure works such as highways, sewers, and drainage.

It also encompasses demolition and recovery services to prepare sites for development, facilities management covering building fabric and technical systems, and professional services including project management and cost control. The framework is structured across multiple lots based on project type and value, ranging from under 750,000 GBP to over 25 million GBP.

Commercial tool

Establishes a framework

Total value (estimated)

- £750,000,000 excluding VAT
- £750,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 30 April 2026 to 29 April 2030
- Possible extension to 30 April 2031
- 5 years, 1 day

Description of possible extension:

LHC Procurement Group may extend the term beyond the initial period provided such extension constitutes a non-substantial modification or falls under a permitted modification under Section 74 of the Procurement Act 2023.

Framework operation description

Selection Criteria and Minimum Standards

Bidders are required to demonstrate appropriate economic and financial standing, technical and professional ability, and suitability to pursue the professional activity relevant to the Framework requirements.

The minimum standards applicable to this procurement are detailed within the Invitation to Tender (ITT) - Part 2 as follows:

Economic and Financial Standing:

Requirements and evaluation approach are detailed in Part 2 - Section 2 of the ITT. Bidders must demonstrate financial stability appropriate to the scope and value of the Framework.

Insurance Requirements:

Minimum levels and evidence of insurance are set out in Part 2 - Section 2 of the ITT. Bidders must confirm that these levels are held or will be obtained prior to award.

Mandatory Requirements (Health & Safety, Environmental and Quality Standards):

Mandatory compliance requirements are defined within Part 2 - Section 2 of the ITT. Bidders must provide evidence of suitable management systems and certifications demonstrating compliance with statutory and industry standards.

Technical and Professional Ability:

Assessment criteria and response requirements are detailed in Part 2 - Section 3 of the ITT. Bidders must provide comprehensive responses demonstrating experience, capability, and capacity to deliver the required works and services.

Failure to meet any of the minimum standards set out above or in the ITT documentation may result in exclusion from further evaluation. LHC reserves the right to verify all information provided and to seek clarification or supporting evidence where necessary.

Award method when using the framework

Either with or without competition

Contracting authorities that may use the framework

This framework may be used by all UK public sector organisations procuring works or services within the scope of public buildings and infrastructure. Registered Social Landlords (RSLs), Tenant Management Organisations (TMOs), Arm's-Length Management Organisations (ALMOs), Local Authorities and their subsidiaries or joint ventures, Health Authorities, NHS Trusts, Police and Fire Services, Defence Organisations, Publicly Funded Schools, Colleges, Universities, and Registered Charities.

Eligible organisations are those recognised as contracting authorities under the Procurement Act 2023 across England, Scotland, Wales, and Northern Ireland. The framework is managed by the LHC Procurement Group and may be accessed by regional business units including LHC, SPA, SWPA, WPA, NPA, and NIPA. A full list of eligible participants is available on the LHC Procurement Group website.

Participation

Legal and financial capacity conditions of participation

Lot 1. New Build Only - 0 to 1m GBP

Lot 2. New Build Only - 1m to 2.5m GBP

Lot 3. Refurbishment only - 0 to 1m GBP

Lot 4. Refurbishment only - 1m to 2.5m GBP

Lot 5. Civil Infrastructure - 0 to 2.5m GBP

Lot 6. Civil Infrastructure - over 2.5m GBP
