Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Outsourcing of CT Services for the Cardiff and Vale University Health Board

Reference number

CAV-FCOWC-(25-26) 77

II.1.2) Main CPV code

- 85150000 - Medical imaging services

II.1.3) Type of contract

Services

II.2) Description

II.2.2) Additional CPV code(s)

- 85111300 - Gynaecological hospital services

II.2.3) Place of performance

NUTS codes

- UKL22 - Cardiff and Vale of Glamorgan

Main site or place of performance

Cardiff and Vale University Health Board

II.2.4) Description of the procurement at the time of conclusion of the contract:

A procurement exercise was conducted under the NHS Wales Framework Agreement for the

Outsourcing/Insourcing of Clinical, Surgical & Diagnostic Services. The specific requirement was

for the outsourcing of CT imaging services to support Cardiff and Vale University Health Board

(CVUHB) in addressing the significant demand-capacity deficit within its Radiology department.

The scope of services includes:

- Routine and urgent CT imaging for adult outpatients.
- Imaging types: Neuro (45%), Body (50%), and Other (5%) including angiographic, bariatric, and optional cardiac imaging.
- Exclusions: Paediatrics, trial patients, colonography, GA-requiring patients, and guided biopsies.
- Infrastructure: Providers must deliver services from their own facilities or mobile units within ~20 miles of CVUHB.
- Staffing: Minimum of 1 Radiographer and 1 Radiology Assistant, with appropriate qualifications and registrations.
- Technology: CT scanners must meet or exceed 64-slice capability, with AI-enhanced reconstruction and PACS integration.
- Volume: Estimated 4,000 patients over the contract period (Q1 2025/26 to Q1 2026/27), averaging ~75 patients/week.

The agreement also includes provisions for:

- Booking and appointment management.
- Data sharing and reporting (KPIs, patient experience, incident logs).
- Compliance with NHS Wales policies and HIW registration.

The procurement was initiated to address the following strategic and operational needs:

- Capacity Shortfall: CVUHB's internal CT imaging service has been under pressure due to equipment limitations and staffing constraints. Previous insourcing arrangements have ended, leaving a gap in service provision.
- Ministerial Targets: The Health Board must meet referral-to-imaging targets within 8 weeks and 14-day cancer diagnostic reporting timelines.
- Patient Safety and Experience: Outsourcing ensures timely access to diagnostic imaging, reducing delays in diagnosis and treatment.
- Operational Continuity: By leveraging external providers, CVUHB can maintain service levels while internal capacity is being developed.
- Flexibility and Scalability: The outsourced model allows for scalable service delivery, including weekend working if required.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Duration in months

12

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
