## **Scope**

## **Description**

This is a Contract Award Notice for the '30 by 30 conservation/ecological assessment & plan' tender notice issued by Pembrokeshire Coast National Park Authority, ref SEP540861.

This tender was offered as part of the Naturally Connected Project and is funded as part of the Nature Networks programme, supported by funding from the Welsh Government and The National Lottery Heritage Fund.

We invited a tender to provide:

Objective 1: 30 by 30 Land Assessment Framework for the Terrestrial Environment

A proposal outlining a clear, step-by-step system for the nomination, initial screening, and full evaluation of land against Welsh and IUCN definitions contributing to the 30x30 conservation target within Pembrokeshire Coast National Park.

Objective 2: Mapped Audit & Progress Narrative

A GIS-based audit of land currently contributing and potentially contributing (“candidate” land) to the 30 by 30 target. Include a narrative report that summarises current progress, baseline coverage, and strategic gaps. Apply techniques to resolve overlaps and duplication.

#### Objective 3: Scoping Additional Candidate Land

Identify and evaluate additional land parcels that may be targeted for inclusion toward the 30x30 goal using a dual approach considering both land suitability and local opportunity. Provide a mapped output of candidate sites along with a narrative justification for priority sites to target based on biodiversity value, ecological connectivity, and land-use feasibility.

#### Objective 4: Strategic Action Plan

Develop a detailed action plan guiding the National Park Authority on actions required to meet the 30x30 target. Include short-, medium-, and long-term milestones and recommendations for monitoring, reporting, and governance.

#### Objective 5: Ecological Network Assessment

Assess the extent to which implementation of the 30x30 action plan will support the development of Resilient Ecological Networks (RENs). Provide a narrative on the landscape- scale benefits and gaps and suggest refinements to maximise ecological resilience.

---

## **Contract 1. 30 by 30 conservation/ecological assessment & plan**

### **Supplier**

- Environment Systems Limited

### **Contract value**

- £29,945 excluding VAT
- £35,934 including VAT

Below the relevant threshold

### **Award decision date**

20 October 2025

### **Earliest date the contract will be signed**

3 November 2025

### **Contract dates (estimated)**

- 4 November 2025 to 31 March 2026
- 4 months, 27 days

### **Main procurement category**

Services

### **CPV classifications**

- 90712400 - Natural resources management or conservation strategy planning services
- 90711000 - Environmental impact assessment other than for construction
- 90714100 - Environmental information systems
- 90721100 - Landscape protection services

- 90712500 - Environmental institution building or planning

## **Contract locations**

- UKL14 - South West Wales

---

## **Information about tenders**

- 11 tenders received
- 11 tenders assessed in the final stage:
  - 8 submitted by small and medium-sized enterprises (SME)
  - 0 submitted by voluntary, community and social enterprises (VCSE)
- 1 supplier awarded contracts
- 10 suppliers unsuccessful (details included for contracts over £5 million)

---

## **Procedure**

### **Procedure type**

Below threshold - open competition
