## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Screens and Screenings Handling

Reference number

SW25/W&WTE/1526

#### **II.1.2) Main CPV code**

- 45252127 - Wastewater treatment plant construction work

#### **II.1.3) Type of contract**

Works

#### **II.1.4) Short description**

Scope & Description of requirement

The scope of supply is for the design, supply, installation, commissioning, and ongoing service and maintenance of Screens and Screenings Handling Systems across all Scottish Water operational areas, including remote regions such as the Highlands and Islands. The scope includes after-sales support, system testing, and operator training, ensuring a fully integrated and reliable end-to-end delivery.

The Screens and Screenings Handling Systems shall be designed to ensure continuous, efficient, and compliant operation, supporting the removal, conveyance, and hygienic disposal of screenings in line with Scottish Water's technical and environmental standards.

Standards & Requirements

All products supplied under this framework must comply with Scottish Water's Requirements, which are subject to periodic updates. Suppliers are responsible for ensuring that all equipment and associated processes meet the latest applicable standards throughout the duration of the framework.

Applicable Standards

Equipment must conform to:

- Scottish Water Requirements (see below)
- Relevant British Standards, including but not limited to BS EN 12255 for wastewater treatment systems
- Water Industry Mechanical and Electrical Specifications (WIMES)
- Dangerous Substances and Explosive Atmospheres Regulations (DSEAR) 2002, updated 2015

All systems must integrate seamlessly with existing Wastewater Treatment Works (WwTW) infrastructure and SCADA systems and be capable of operating under variable flow and load conditions while maintaining compliance with discharge consents.

#### Contract Duration

4-year initial term with 2 x 2-year extensions options:

- Lot 1: Screens and Screenings Handling - Approx £3.5m for initial 4 years term (£7m including extensions).
- Lot 2: Sludge Screens and Screenings Handling - Approx £1.5m for initial 4 years term (£3m including extensions).

The break points in the contract will allow SW to review the market and ensure the product is still fit for purpose and providing value for money.

#### **II.1.5) Estimated total value**

Value excluding VAT: £10,000,000

#### **II.1.6) Information about lots**

This contract is divided into lots: Yes

Tenders may be submitted for all lots

### **II.2) Description**

#### **II.2.1) Title**

Lot 1 PQQ - Screens and Screenings Handling

Lot No

Lot 1

### **II.2.2) Additional CPV code(s)**

- 45252127 - Wastewater treatment plant construction work
- 45232430 - Water-treatment work
- 45252127 - Wastewater treatment plant construction work
- 45259100 - Wastewater-plant repair and maintenance work
- 39350000 - Sewerage works equipment

### **II.2.3) Place of performance**

NUTS codes

- UKM - Scotland

Main site or place of performance

Scotland

### **II.2.4) Description of the procurement**

The scope of supply is for the design, supply, installation, commissioning, and ongoing service and maintenance of Screens and Screenings Handling Systems across all Scottish Water operational areas, including remote regions such as the Highlands and Islands. The scope includes after-sales support, system testing, and operator training, ensuring a fully integrated and reliable end-to-end delivery.

The Screens and Screenings Handling Systems shall be designed to ensure continuous, efficient, and compliant operation, supporting the removal, conveyance, and hygienic disposal of screenings in line with Scottish Water's technical and environmental standards.

The Supplier shall provide all services necessary to deliver the above scope, including:

- Existing asset surveys
- Condition assessments
- Delivery either as a complete turnkey solution or via clearly defined work packages

Close collaboration will be required with:

- Scottish Water's internal Operations and Maintenance teams
- Alliance contractors
- Framework suppliers

This collaborative approach is essential to ensure seamless integration with existing infrastructure and operational practices.

Waste disposal activities under this framework must:

- Comply with all relevant legislation
- Be carried out by a licensed waste disposal provider

The Supplier is expected to actively support Scottish Water's Beyond Net Zero strategy by:

- Minimising waste generation
- Applying circular economy principles—reduce, reuse, recycle
- Minimising waste sent to landfill

All works must comply with:

- Scottish Water technical specifications
- WIMES (Water Industry Mechanical and Electrical Specifications)
- Relevant British Standards (BS)
- Applicable regulatory requirements

These specifications are subject to regular review and updates throughout the framework duration. Full details are provided in Section 4: Standards and Requirements of the Scope document.

The Supplier shall be responsible for providing:

- Works Manuals
- Asset Scripts

These must be delivered in the format specified by Scottish Water and provided at the same time as the associated equipment.

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6) Estimated value**

Value excluding VAT: £7,000,000

#### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Duration in months

This contract is subject to renewal

Yes

Description of renewals

The initial Framework Agreement duration will be for 48 months. Thereafter, SW reserves the right to extend the Framework Agreement, at their sole discretion, for a further four (4) years worth of extension options, subject to satisfactory performance, value for money and continued requirements.

#### **II.2.10) Information about variants**

Variants will be accepted: No

#### **II.2.11) Information about options**

Options: No

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

### **II.2) Description**

#### **II.2.1) Title**

Lot 2 PQQ - Sludge Screens and Screenings Handling

Lot No

Lot 2

#### **II.2.2) Additional CPV code(s)**

- 45252127 - Wastewater treatment plant construction work
