### **Scope**

### **Reference**

OUPA10864

### **Description**

Continued maintenance for Dollar Universe, a workload automation software. Dollar Universe is a scheduling tool which manages all of the dependencies between the hundreds of "batch jobs" within our applications. These batch jobs typically run overnight and include updates to key OU databases. This maintenance contract allows us to raise support tickets when issues arise.

Dollar Universe is a critical part of the OU's infrastructure and it is vital that we have this ongoing maintenance in place.
