Scope

Description

The Manufacturer shall provide all materials necessary to fabricate complete deliverables. The

Manufacturer shall provide manufacturing engineering services required to generate internal shop drawings

and all documentation needed to manage and support their suppliers. The Manufacturer shall provide all

labour to assemble, test, and supervise the manufacture of all components regardless of where these are

made within the manufacturer's plant or in a second facility or sub-contractor. The Manufacturer shall

fabricate jigs and fixtures to ensure ports, brackets, and other important components are maintained to

specified tolerances. Any information of a proprietary nature must be identified in the bid response.
