Description

Objectives of this RFI

The objectives of this RFI are:

1. To understand the market capabilities.
2. To inform future procurement strategy.
3. To inform future specifications.

Southern Water currently operates 10 warehouse sites across Sussex, Kent, Hampshire and the Isle of Wight. We have the need of racking to store equipment, Spare parts and

other materials across the business for both Wastewater and Clean water networks. The layouts of the racking at these sites can often need changing in line with business needs as it develops.

all information can be found at this link:
