Description

NHS South West London Integrated Care Board (ICB) (Croydon Place) is seeking to commission Long-Term Conditions (LTC) Community Outreach, Expert Patient Programme (EPP), LTC Self-Management and Pentathlon Healthy Lifestyle Programme Services.

Since 2020, the LTC Community Outreach and Expert Patients Programme has been focussing on prevention, early identification and improved management of LTCs in Croydon with the aim to raise awareness with people who do not regularly access GPs or local NHS services. With the population in Croydon with two or more long term conditions at 23% and set to increase, a collaborative approach across all long-term conditions is

key to manage, support and prevent increases in the number of Long-Term Conditions and the costs associated with that to health and the individual. The aims of the LTC community outreach and EPP programme are to deliver cost-effective, culturally competent, and preventative community health interventions that address the health inequalities in Black, Asian and Minority Ethnic (BAME) communities which constitute circa 50% of SWL ICB's core20 communities, particularly in deprived and underserved wards such as Thornton Heath and New Addington.

In particular the LTC community out-reach health and wellbeing checks, Pentathlon healthy lifestyle courses and Expert Patient Programme (EPP) LTC self-management course are anticipated to:

- Support raising grass roots awareness of LTC risk and risk factors and support people to adopt healthier lifestyles to reduce the risks of LTC, support early identification and diagnosis and self-management in key Croydon communities.
- Empower patients with LTCs to feel more confident in managing their own condition and keep them active and engaged in their lives.
- Tackle health inequalities and increase uptake from hard-to-reach groups.

The Contract is expected to commence in April 2026 for an initial period of 2 years. The contract may be extended for an additional period of 1 year at the sole discretion of the Authority.

The total contract value for the 2+1 period is £297,000 inclusive of VAT. (£99,000 inclusive of VAT per annum)

Interested Organisations must express an interest via Atamis e-tendering portal. Bidders need to register on Atamis if they are not registered already. This can be done by clicking the link below
