Scope

Description

This procurement is for the installation of Automatic Number Plate Recognition (ANPR) equipment within a car park that is controlled and operated by WNC. The scope of works includes:

Supply and installation of ANPR hardware at the designated car park location.

Provision and integration of all supporting data infrastructure required for the full functionality of the ANPR system.

Installation of all necessary supporting hardware, including but not limited to cameras, data storage units, network connectivity components, and power supply systems.

Configuration and commissioning of the ANPR system to ensure seamless operation in accordance with WNC operational standards.

Testing and validation of the installed system to confirm performance and reliability.

Handover documentation, including system manuals, maintenance schedules, and data access protocols.

All works must be carried out in compliance with relevant industry standards and WNC's operational and security requirements.
