Value excluding VAT: £90,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

There is a requirement to provide GFx to 4 cabinets at HMNB Clyde to enable BT to install a new CORE network, The existing equipment is no longer supported and requires an upgrade. The work is to take place across different rooms and asbestos is present in several parts of the two buildings, a route to overcome the issue has been identified to support the DD FN team in their delivery of GFx. This requirement will support and ensure the continued delivery of critical FN programmes. As such, it is crucial that the delivery of services is carried out quickly and efficiently and in accordance with agreed timescales to avoid unacceptable programme delays.

The Parties acknowledge and agree that the services exclude and the Supplier has no obligations under this Contract or otherwise in relation to all matters in relation to asbestos howsoever arising including but not limited to assessment or review of any assessment of whether asbestos is present or is likely to be present in any premises, use, removal, management of risk, management or containment of or interface with asbestos that is or likely to be present in any premises, preparation or evaluation of action plans or systems for managing asbestos risk, repair, notification of work with asbestos, prevention or reduction of exposure, implementation control measures, or

maintenance of control measures (“Asbestos Matters”).
