Update to Awarded Suppliers

Scope

Reference

C397692

Description

The Health Innovation Network South London (HIN SL) has been awarded a grant by Innovate UK to deliver two Biomedical Catalyst Accelerators. The outcome of the programme will seek to support innovative companies to de-risk and accelerate the commercial readiness of medical devices. This is part of the strategy for St Thomas' Campus to be a Medtech Hub for London Societal Challenge 1 (SC1).

- UK - United Kingdom

Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - intellectual property or exclusive rights

The following rationale supports the proposed direct award under Schedule 5 of the Procurement Act 2023 on the grounds of the novelty of the service and King's College London having intellectual property rights in delivering the MedTech Venture Kickstarter as implied in the Innovate UK grant offer letter and thus there leaves no reasonable alternatives other than for King's College London to deliver the programme. This approach is in accordance with Section 41 by reference to paragraph 2(a) and paragraph 5(a) and (b) of the Procurement Act 2023.
