### **Scope**

### **Reference**

JS2025

### **Description**

This Pre Market Engagement Notice (PME) seeks engagement with applicable economic operators to gather information associated with the structural and building investigation surveys and reports with detailed cost estimates of the recommended works for four LPS constructed high rise residential buildings in order to gain a better understanding of the market/options available to service Hull City Council's requirements in this area. This is the market's opportunity to express its views, outline market developments and generally influence how solutions to the councils' needs might be met. It is therefore essential that organisations understand that this activity does not affect an organisation's positioning either positively or negatively should a procurement opportunity arise subsequently.
