Scope

Description

18. The Authority is inviting tenders for the supply, installation, and maintenance of EV charge points across the region, funded through the Local Electric Vehicle Infrastructure (LEVI) project. The Authority has been awarded and received £3.465 Million by the UK Government to support the implementation of this Contract. This initiative aims to expand public EV charging access, support the transition to sustainable transport and provide equitable distribution of charge points across urban, rural, and underserved areas. The procurement has been structured into two lots, reflecting the differing requirements of on-street residential charging and charging infrastructure in Council owned car parks and community assets.

- Lot 1 - On street Charging
- Lot 2 - Car parks (Including commercial) & Community Assets

Total value (estimated)

- £7,000,000 excluding VAT
- £8,400,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 4 May 2026 to 3 May 2041
- 15 years

Main procurement category

Services

CPV classifications

- 31158000 - Chargers
- 31681500 - Rechargers
- 34000000 - Transport equipment and auxiliary products to transportation
- 45310000 - Electrical installation work
- 65300000 - Electricity distribution and related services

Contract locations

- UKD1 - Cumbria
