DN758933

Description

Peterborough has been awarded CPCA Biodiversity Audit Funding to employee an external consultant to perform an ecological audit of the council owned green spaces. The deliverable for this audit will be short management plans for each green space that contain actionable suggestions for the general improvement of biodiversity with respect to the amenity value of the sites. We require a tender process to determine which consultant will delivery the best value for the funds awarded in respect to the number of sites that can be completed and the quality of the deliverable.

Timescales: The funding will be awarded on the 31st of march and we will need to have a consultant contracted by the 30th of June 2025. Ideally we would have a consultant lined up to take the project on before the funding is awarded.
