Scope

Description

The requirement is for the provision of Gas & Electricity Flexible PIA Supply Products in accordance with the specifications set out in the Invitation to Tender (ITT). The contract is due to commence on 1 October 2026 and is for 36-months and may include the addition of further sites during the term. With the option to extend an additional 12 months, making a maximum Contract duration, including extensions, of 48 months. It will be at the sole discretion of the Authority to invoke the extension clause or not.

Lot 1. Brown Gas

Description

This lot covers the supply of natural gas (brown gas) to the client's portfolio under a flexible purchasing arrangement. The appointed supplier will provide a fully managed service, enabling the client to purchase gas volumes in tranches throughout the contract term to optimise price and risk exposure. The supplier will also manage all associated balancing, nominations, and transportation requirements, ensuring security of supply and compliance with industry regulations.

Lot 2. Renewable Electricity (REGO)

Description

This lot covers the supply of 100% renewable electricity to the client's portfolio, supported by Renewable Energy Guarantees of Origin (REGO) certificates. The appointed supplier will deliver electricity under a flexible purchasing strategy, allowing the client to make incremental trades on the wholesale market to achieve cost efficiency while meeting sustainability objectives. The supplier will provide full REGO-backed assurance and reporting to evidence the renewable credentials of the electricity supplied.
