Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

We have limited the number of suppliers to participate in this tender due to the size, geography and nature of the contract being a one stop shop for all material supplies. The submissions will be analysed on a 70/30 price/quality basis. We will shortlist for interview and award on the most advantageous bid.

Justification for not publishing a preliminary market engagement notice

Due to the nature of this contract there are only a handful of companies that are able to facilitate and all five companies will be invited.
