Competitive flexible procedure

Competitive flexible procedure description

Lot 1 - Stage 1 - Conditions of Participation > Stage 2 - ITT (Tender) > Stage 3 - Dialogue > Stage 4 - Final ITT (Tender)

The advantage of the Competitive Dialogue process is that it will enable LiveWest to engage in dialogue with bidders in relation to their initial submissions. This will enable LiveWest to understand how they will work with LiveWest to develop and deliver the programme of work.

The outcome of these discussions will be a further refinement of the model to enable bidders to make a final tender with the comfort of this being a more informed offer following dialogue.
