Key performance indicators

Name	Description
Quality	The Goods are accepted as suitable by the Authority and performs to the manufacturer's specifications
Customer Service	The Supplier to advise the Authority, without delay, of any manufacturing issues that they consider may impact on their ability to maintain the supply chain. Where these issues relate to final product testing and failure to meet the official batch release authority, Defra, must have been notified directly and immediately. The Supplier shall respond to queries within three (3) Working Day of contact from the Authority. The response shall provide the Authority with either a suitable resolution within two (2) working Days or agree a timescale for when the issue shall be resolved.
Delivery	Goods shall be delivered within the agreed timescales following receipt of a Purchase Order. The Supplier is able to respond to Authority requests for additional goods.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

BadgerBCG (BCG Danish Strain 1331) is a specific licenced and approved veterinary product for use in badgers. AJ Vaccines are the only organisation that manufacture BadgerBCG.

BadgerBCG is the only vaccine that has been granted UK Marketing Authorisation (MA) by the Veterinary Medicines Directorate (VMD) for use in badgers to control TB.

Although unauthorised vaccines and strains of BCG may be used in badgers, this would only be in exceptional circumstances where there is no suitable UK-authorized veterinary medicine available.
