Changes to notice

This notice has been edited. The [previous version](#) is still available.

Extention of submission deadline to 11/11/2025 at 15:00pm GMT

Scope

Reference

Project_1602

Description

The purpose of this notice is to draw attention to a procurement the Authority will conduct to establish a National Framework Agreement for the provision of Respiratory Solutions 2026 under the following Lot structure:

Lot 1: Respiratory Therapy;

Lot 2: Anaesthesia and Resuscitation;

Lot 3: Diagnostics;

Lot 4: Nitrous Oxide destruction Solutions; and

Lot 5: Respiratory Support Services

For Lots 1 to 4 Tenderers can submit for one, more than one Lot, or all of the Lots detailed above. However ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2). Tender submissions received solely for Lot 5 will not be accepted nor evaluated.

Further details about the requirements within each Lot are provided in the tender documentation.

The term of the contracts formed under the proposed Framework Agreement may continue beyond the end of the term of the Framework Agreement itself.

Note: There are 5 supplier requirements for which further reading can be found here: Net Zero Supply Chain and Suppliers

Please also observe the following for future tenders, the following requirements will include but are not limited to the following or subject to change:

- ISO Certification: Tenderers must have ISO 9001: 2015 or BS EN ISO 13485:2016 or Medical Device Single

Audit Program (MDAP) accredited by the United Kingdom Accreditation Service (or international

equivalent) to cover all segments of the Tenderers and the product's supply chain. This should include, but

not be limited to, sales, manufacturing, storage, and distribution ('ISO Certification'). Link for acceptable

alternatives <https://iaf.nu/en/accreditation-bodies/> ('Notified Bodies')

- CE Certification and Declaration of Conformity certificates are required where applicable to be presented

at submission stage of the tender.

- Modern Slavery for Tenderers that have an annual turnover of at least £36 million must have a link to their

modern slavery statement on their website

- Modern Slavery Assessment Tool (MSAT) Tenderers must have a score of 41% or above within 12-months

of the Tender Publication Date via <https://supplierregistration.cabinetoffice.gov.uk/>

- Evergreen Sustainable Supplier Assessment - Tenderers will need to have completed the assessment

within 12 months of the Tender Publication Date. Link for instructions and access for this assessment:

<https://www.england.nhs.uk/nhs-commercial/central-commercial-function-ccf/evergreen/>

- Carbon Reduction Plan (CRP): Tenderers must have a valid CRP link on their website that meets the

requirements of PPN 006 as outlined in the PPN, OR Where Supplier has no website, the CRP is provided in

PDF format that meets the requirements of PPN 006 as outlined in the PPN, OR Excused in exceptional

circumstances. CRP has to be dated within the 12 months prior to tender close date.

- Cyber Security: If you handle patient or personal data, or provide any IT systems, services, or devices you

will need to hold Cyber Security Essentials Plus Certification.

- Data Security Protection Toolkit (DSPT): if you process patient data further details about the cyber security

requirements are provided in the tender documentation.

Lot 1. Respiratory Therapy

Description

Lot 1: Respiratory Therapy - This lot comprises therapy products designed for administering respiratory therapies to patients. These include products for oxygen administration, aerosol therapy products for delivering medications via inhalation, and respiratory products that aid in the removal of lung secretions to reduce respiratory infections. Additionally, the lot includes products for cold humidification and nebulization, such as sterile water. Respiratory consumable rental and maintenance service are also provided to offer comprehensive respiratory clinical solutions to hospitals, communities, clinicians, and patients.

ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2).

Lot value (estimated)

- £70,427,938 excluding VAT
- £84,513,526 including VAT

Framework lot values may be shared with other lots

CPV classifications

- 33141200 - Catheters
- 33171000 - Instruments for anaesthesia and resuscitation
- 33141600 - Collector and collection bags, drainage and kits
- 33170000 - Anaesthesia and resuscitation
- 33157100 - Medical gas masks
- 33172000 - Anaesthesia and resuscitation devices
- 33157110 - Oxygen mask
- 33100000 - Medical equipments
- 33157400 - Medical breathing devices
- 33140000 - Medical consumables
- 33157800 - Oxygen administration unit
- 33157810 - Oxygen therapy unit
- 33162000 - Operating theatre devices and instruments
- 33190000 - Miscellaneous medical devices and products
- 33195110 - Respiratory monitors

Same for all lots

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 2. Anaesthesia and Resuscitation

Description

Lot 2 Anaesthesia and Resuscitation - This Lot is for products that support anaesthesia and resuscitation medical gas treatment, monitoring and diagnosis. Resuscitation products also relate to teaching and administering resuscitation to adults and children.

Lot 5 is not applicable to Lot 2.

Lot value (estimated)

- £27,005,576 excluding VAT
- £32,406,691 including VAT

Framework lot values may be shared with other lots

CPV classifications

- 33170000 - Anaesthesia and resuscitation
- 33100000 - Medical equipments
- 33140000 - Medical consumables
- 33171000 - Instruments for anaesthesia and resuscitation
- 33141600 - Collector and collection bags, drainage and kits
- 33171100 - Instruments for anaesthesia
- 33157400 - Medical breathing devices
- 33171110 - Anaesthesia mask
- 33162000 - Operating theatre devices and instruments
- 33171200 - Instruments for resuscitation
- 33171210 - Resuscitation mask
- 33172000 - Anaesthesia and resuscitation devices

- 33172100 - Anaesthesia devices
- 33190000 - Miscellaneous medical devices and products

Same for all lots

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 3. Diagnostics / Monitoring

Description

Lot 3 – Diagnostics / Monitoring - This Lot is for respiratory related diagnostic tools.

Products within this Lot include:

Handheld spirometers.

Desktop spirometers.

PC based spirometers.

Micro spirometers.

Spirometry accessories.

Monitors and screeners for screening and monitoring of lung disease.

Bacterial viral filters.

Peak flow meters.

Mouthpieces.

Carbon monoxide monitors.

Nitric oxide measurement devices.

Infant sensors.

Diagnostic / monitoring product accessories.

Inhaler dose sensor.

Respiratory consumable rental and maintenance service.

ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2).

Lot value (estimated)

- £21,282,885 excluding VAT
- £25,539,463 including VAT

Framework lot values may be shared with other lots

CPV classifications

- 33157000 - Gas-therapy and respiratory devices
- 33157800 - Oxygen administration unit
- 33157200 - Oxygen kits
- 33157810 - Oxygen therapy unit
- 33157400 - Medical breathing devices
- 33195000 - Patient-monitoring system
- 33157700 - Blow bottle
- 33195110 - Respiratory monitors

Same for all lots

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot 4. Nitrous Oxide Destruction Solutions

Description

Lot 4 – Nitrous Oxide Destruction Solutions - A device/unit which can safely scavenge and break down Nitrous Oxide Gases, which is utilised through the use of patient pain management, into its base compounds of Nitrogen and Oxygen for safe release into the atmosphere to reduce/mitigate staff occupational exposure to Nitrous Oxide and to mitigate environmental damage as Nitrous Oxide is a recognised potent greenhouse gas.

ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2).

Lot value (estimated)

- £11,600,000 excluding VAT
- £13,920,000 including VAT

Framework lot values may be shared with other lots

CPV classifications

- 33190000 - Miscellaneous medical devices and products
- 33140000 - Medical consumables
- 33157000 - Gas-therapy and respiratory devices

Same for all lots

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

Lot Lot 5. Respiratory Support Services

Description

Respiratory Support Service are the provision of support solutions related and linked directly to the products/devices supplied on the framework under which this Lot is being established - which may including but is not limited to:

Maintenance Packages;

Planned Preventative Maintenance;

Consumables Management;

Device and/or Consumable Purchase Plans;

Management/Resupply Services;

Training and education in relation to maintenance, testing and calibration of the devices;

Reduced/Discounted pricing for replacement of previously purchased devices; and/or

Discounted consumables tailored to customers who have committed to a specific device(s).

ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2).

Tender submissions received solely for Lot 5 will not be accepted nor evaluated.

Lot value (estimated)

- £6,600,000 excluding VAT
- £7,920,000 including VAT

Framework lot values may be shared with other lots

CPV classifications

- 33100000 - Medical equipments
- 85140000 - Miscellaneous health services

Same for all lots

Contract locations and contract dates are shown in the Scope section, because they are the same for all lots.

EARLY MARKET ENGAGEMENT CONDUCTED:

In developing this opportunity NHS Supply Chain (the Authority) conducted early market engagement (EME) by issuing a prior information notice (PIN) Respiratory Solutions - find a tender notice identifier 2024/S 000-040980 under PCR 2015 on 19th December 2024 (please note this was published under ref Project_1200 and not Project_1602 which has superseded this).

Both prior to and following the publication of the PIN notice the contracting authority has been engaging with the market via Teams calls, site visits and the Request for Information which was published on 19 December 2024. The information gathered has helped to inform the development of the procurement strategy, including the specification and the Product List (which was shared for feedback with those who had expressed interest in the PIN as below:

- 56 suppliers viewed the request for information
- 17 suppliers responded with their expressions of interest
- 20th of December 2024 suppliers were advised the closing date for receiving our fires for the 31st of January 2025 on 20th of December this message was read by 48 suppliers
- Between the 20th of December 2024 and the 5th of February 2025 suppliers raised clarifications which the authority responded to.
- 5th of March 2025 suppliers were advised to register on the Central Digital Platform (CDP) this message was read by 41 suppliers
- 24th of March 2025 draft specification and product lists were shared this message was read by 38 suppliers
- 24th - 26th of March 2025 further supplier clarifications were raised and

responded to by the authority • 16th of May 2025 revised draft specification and product lists recirculated this message was read by 36 suppliers

- 19th of May 2025 further supply clarifications raised and responded to by the Authority 29th of May 2025 supplier final feedback received, and early market engagement completed.
- Participation in the EME was not used nor acknowledged in any way for the purpose of evaluating or qualifying any potential supplier in any future procurement or subsequent competitive process.
- Following completion of the EME the authority moved to Procurement Act 2023 under Jagger Project ref 1602.

This procurement exercise will be conducted on the NHS supply Chain e-tendering portal at [HTTPS://NHS supply chain app.jagger.com//](https://NHSsupplychain.app.jagger.com//)

HOW TO APPLY

Candidates wishing to be considered for this contract must register their expression of interest and provide additional procurement specific information (where requested to do so) through the NHS supply chain e-tendering portal as follows:

Registration:

1. Use URL <https://nhssupplychain.app.jagger.com//> to access the NHS Supply Chain Procurement Portal.

2. If not yet registered:

– Click on the 'Not Registered Yet' link to access the registration page.

Portal access

If registration has been completed:

- Log in with <https://nhssupplychain.app.jagger.com//>

- Click on ITTs Open to All Suppliers

- Select from the following ITTs:

ITT_1873 Selection Questionnaire (All Lots)

ITT_1874 Lot 1 Respiratory Therapy

ITT_1875 Lot 2 Anaesthesia and Resuscitation

ITT_1876 Lot 3 Diagnostics / Monitoring

ITT_1877 Lot 4 Nitrous Oxide destruction Solutions

ITT_1888 Lot 5 Respiratory Support Services

- Click on 'Express Interest'

- Read 'Information' dialogue box then 'Confirm'

IMPORTANT: All Tenderers must respond to ITT_1873 which is applicable to all Lots, plus any and/or all of the Lot specific ITT's listed above applicable to your tender response.

ONLY Tenderers responding to Lots 1, 3 and/or 4 are invited to tender for Lot 5 (noting that Lot 5 is not applicable to Lot 2). Tender submissions received solely for Lot 5 will not be accepted nor evaluated.

Suppliers are encouraged to download the supplier handbook located within the eProcurement portal by following the 'Supplier Helpcentre' link within the Useful Links section of the Dashboard.

For any technical help with the portal please contact the Supplier Helpdesk:

Tel: 0800 069 8630 or via Request Assistance/ Live Chat

As any Tender Responses submitted after the response deadline will not be considered.

All tender submissions must be submitted via Jaggar Qualification, Technical and Commercial Envelopes within the online response sections in compliance with the published tender documentation.
