Description

Liverpool City Region Combined Authority - Framework for Rapid Transit Commission

Background

The Liverpool City Region Combined Authority is seeking to develop and implement Rapid Transit as an integral element of its public transport network.

The development of such a network is linked to broader strategic objectives, including:

- helping to support growth and productivity, and
- enhancing connectivity, and complementing existing and future bus, rail and active travel opportunities, and

- reducing congestion and significantly contributing to air quality and net zero agendas.

About this commission

This commission is to seek consultancy support for the business case work for Rapid Transit through a framework. This will cover a staged series of work, from early options appraisal through to Full Business Case (FBC).

Liverpool City Region Combined are seeking to award a single supplier to a framework for the purpose of delivering this initial phase of works and supporting phases and any other additional in scope work needed for delivering this project.
