### **Unawarded contract**

This contract will not be signed.

### **Date of decision not to sign contract**

31 October 2025

### **Reason for not signing contract**

Following the initial award outcome notification, a formal challenge was received. In response, we initiated a comprehensive internal review of the entire tender process, focusing specifically on the steps taken leading to the award decision.

This review has concluded that, due to irregularities identified in the process, any decision to award the contract to any supplier at this time would likely be subject to further successful legal challenge. We have determined that proceeding based on the

current evaluation process would not result in a legally sound award.
