Description

Lewisham Council and Royal Borough of Greenwich (the "Partnership") invite you to submit a tender for electric vehicle charging point installation, operation and maintenance. The Partnership has made a joint application and has been awarded £2,981,000 million through the LEVI scheme. The LEVI programme aims to increase the provision of Electric Vehicle charging infrastructure across the boroughs through the installation of EV infrastructure. The Services will comprise of installation, operation and maintenance of electric vehicle charge points (EVCPs).

The main objective of this project is to install, operate and maintain new charge points across both of the Partnership's boroughs that will primarily benefit residents without off-street parking.

There are three (3) Lots for this tender which cover different areas within the Partnership. The same specification is applicable to all three (3) Lots. The three (3) Lots are split geographically. Suppliers may submit responses for one, two, or all three Lots. Full details of the requirement and context of the procurement can be found in the Service Specification.

The Contracts will be between the successful Suppliers and the Partnership for the period of fifteen (15) years with the possibility of extensions totalling up to an additional one (1) year for a total maximum duration of sixteen (16) years. The decision to extend the term shall be at the sole discretion of the Partnership.

The Partnership will award Concession Contracts to a minimum of two (2) Suppliers and a maximum of three (3) Suppliers for this procurement exercise.

To be considered as a Tenderer you must complete and submit a Tender by the deadline of 12 noon on 26th January 2026.

Please allow sufficient time to make your return, as Tender submissions cannot be uploaded and submitted after this return deadline.

Any questions relating to this procurement must be made via messaging function on the Portal, in accordance with the procurement documents.

Please note that the contract requirements will be subject to available financial resources, supplier performance and flexibility to meet changing demands.
