## **STA Emergency upgrade of Regen Ovens across UHBW**

University Hospitals Bristol and Weston NHS Foundation Trust

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-070899

Procurement identifier (OCID): ocids-h6vhtk-05da09

Published 4 November 2025, 2:57pm

### **Scope**

### **Reference**

WS2814476821

### **Description**

Out of scope variation to an existing Electrical MTC contract where the job falls outside the current contract controls.

**THIS IS NOT A TENDER OPPORTUNITY**

As a result of an incident, emergency upgrading of regen ovens used across the Trust will be undertaken. There will be installed 16-amp IP44 switched interlocked sockets and plugs, located near the proposed oven positions.

New radial final circuits will be installed using either SWA/LSOH, LSX, or 6491B cabling from the existing distribution boards. Circuit protection will be provided by new dedicated 16-amp RCBOs (Memshield 2 or Schneider devices) within the existing distribution boards. At Weston, these will be RCDs housed in a secondary enclosure.

## **Contract 1**

### **Supplier**

- Electrio Ltd

### **Contract value**

- £187,307.63 excluding VAT
- £224,769.15 including VAT

Above the relevant threshold

### **Earliest date the contract will be signed**

1 December 2025

### **Contract dates (estimated)**

### **Main procurement category**

Services

## **CPV classifications**

- 45310000 - Electrical installation work
- 50800000 - Miscellaneous repair and maintenance services
- 51100000 - Installation services of electrical and mechanical equipment

## **Contract locations**

- UKK - South West (England)

---

## **Participation**

### **Particular suitability**

Small and medium-sized enterprises (SME)

---

## **Other information**

### **Conflicts assessment prepared/revised**

Yes

---

## **Procedure**

## Procedure type

Direct award

## Direct award justification

- Additional or repeat goods, services or works - extension or partial replacement
- Extreme and unavoidable urgency

We are using the Electrical MTC that already exists (outside of its normal limitations) to ensure the work is completed quickly to avoid additional potential fire risks.

Tendering would have meant considerable delay to risk reduction and additional familiarisation/mobilisation time/cost.
