II.1.4) Short description

The service aims to support the responsive and effective supply of essential medication for Palliative and End of Life Care (PEoLC) and the treatment of *Clostridioides difficile* (also known as *Clostridium difficile*, *C. difficile* or *C. diff*). This is a type of bacteria that can cause diarrhoea. The demand for palliative care treatments and the relevant antibiotics, vancomycin or fidaxomicin, may be urgent and/or unpredictable. The service will operate during all normal opening hours for the community pharmacy and/or any locally commissioned extended hours e.g., Public/Bank holiday rota. The pharmacy contractor(s) (provider) will stock minimum stock levels of a locally agreed list of drugs and will make a commitment to ensure those users of this service have prompt access to these medicines. The pharmacy will provide information and advice to the user, carer and clinician as

required. Pharmacy teams should refer to the joint Royal Pharmaceutical Society (RPS)/Marie Curie UK Quality Improvement (Daffodil) Standards for support in continual improvement of their palliative and end of life care arrangements. They may also refer to the specialist palliative care advice lines at the local hospices within SNEE. The pharmacy will maintain stocks of the specified list of medicines required to deliver this service and will dispense these in response to NHS prescriptions presented. The stock levels may be requested where there have been reports of failure to hold minimum stocks. The pharmacy will be expected to hold the minimum stock level unless there is evidence of drugs being dispensed and awaiting stock replenishment. The pharmacy will be expected to report stock levels on a quarterly basis and will receive remuneration for each report submitted. Providers should seek to maintain adequate stocks of medication in line with local demand and in anticipation of reduced wholesaler deliveries, e.g., weekends, bank holiday periods.

II.2.4) Description of the procurement

The aim of this service is to ensure the availability of medication used for palliative and end of life care and the treatment of c.difficile across Suffolk and North East Essex, the demand for which may be urgent and/or unpredictable. The service is designed to improve access to these medicines for patients, carers and healthcare professionals when they are required, in order to ensure that there is no delay to treatment whilst also providing choice. This service aims to ensure the provision of medication for Palliative and End of Life Care (PEoLC) and the treatment of c.difficile at all times whilst the pharmacy is open, from selected commissioned pharmacies within Suffolk and North East Essex. The service will operate during all normal opening hours for the community pharmacy and/or any locally commissioned extended hours e.g., Public/Bank holiday rota.

The pharmacy contractor (provider) will stock minimum stock levels of a locally agreed list of drugs and will make a commitment to ensure those users of this service have prompt access to these medicines. SNEE Integrated Care Board (ICB) may review the medication list and amend in accordance with advice and guidance which the provider must order, if not stocked, with immediate effect. Providers will be formally notified in writing by the ICB. If items are to be removed from the list, the ICB will continue to honour the date expiry compensation for that product whilst the contract is in place. The ICB will not be liable to provide funding for expired stock if ordered above the agreed minimum quantities.

NHS Suffolk and North East Essex Integrated Care Board are awarding the contract named within this notice under the Direct Award C process which is outlined within the Health Care Services (Provider Selection Regime) Regulations 2023. The provider named in this notice is an existing provider and has been reviewed through a Key Criteria assessment to ensure the awarding body is satisfied with current performance and reasonably expects the provider to be able to satisfy the contract which is the subject of this notice. The contract which is the subject of this notice has not changed considerably when compared with the existing / previous contract delivered by the named provider.

The ICB may wish to introduce additional services during the lifetime of the contract ("Contract modifications"). Such contract modifications will be contemplated where additional requirements are similar and or complementary to the services already included in the Specification, at any given time. Such expansion would be by the addition of services commissioned by the Authority as named in the Contract Notice. To this end, after the award of contract, there is a possibility that the contract may be varied as allowable in accordance with the Health Care Services (Provider Selection Regime) Regulations 2023.
