## **XMC Support (Telecoms)**

NETWORK RAIL INFRASTRUCTURE LIMITED

UK5: Transparency notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-071101

Procurement identifier (OCID): ocds-h6vhtk-05da8b ([view related notices](#))

Published 5 November 2025, 9:20am

## **Scope**

### **Description**

This procurement is a direct award to Hitachi Energy UK Limited for the support and maintenance of PDH/XMC telecommunications hardware and its management systems, which are critical for Network Rail's signalling and electrification operations. The contract covers 24/7 remote and technical support, repairs, service management, and professional services, ensuring operational continuity and safety.

---

## **Contract 1. XMC Support 2025-2030**

### **Supplier**

- Hitachi Energy UK Limited

### **Contract value**

- £2,344,938 excluding VAT
- £2,813,926 including VAT

Above the relevant threshold

### **Earliest date the contract will be signed**

20 November 2025

### **Contract dates (estimated)**

- 1 December 2025 to 30 November 2030
- 5 years

### **Main procurement category**

Services

### **Options**

The right to additional purchases while the contract is valid.

The contract includes options for additional professional services beyond the included support hours, and a contract change threshold to allow for increased node volumes or unforeseen requirements. These options can be used if business needs change, such as requiring extra engineering support or if the number of supported devices exceeds forecasts, ensuring flexibility and continuity of service

## **CPV classifications**

- 50330000 - Maintenance services of telecommunications equipment

---

## **Other information**

### **Conflicts assessment prepared/revised**

Yes

---

## **Procedure**

### **Procedure type**

Direct award

### **Direct award justification**

Single supplier - intellectual property or exclusive rights

Hitachi Energy UK Limited is the sole supplier able to provide the required support and maintenance services for the PDH/XMC telecommunications hardware and associated UNEM management systems, as they are the original equipment manufacturer and hold exclusive intellectual property rights over both the hardware and software. No other supplier can legally or technically deliver the necessary support, updates, or repairs, making Hitachi Energy the only viable provider
