Justifications for contract modification

- Additional goods, services or works

Reason that these justifications apply

It is necessary to purchase the additional goods from Traka as Traka specifies the bespoke metalwork needed to mount the Traka biometric readers onto the Gunnebo which communicate with the existing Traka key cabinets and radio lockers. If we were to purchase the Gunnebo's elsewhere, they would not have the

bespoke metal work and readers installed and therefore would not be compatible with the existing Traka software on site, making the use of the Gunnebo ineffective of its purpose.
