# VII.2) Information about modifications

# VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The approximate lifetime value of this contract was originally listed as £267,000 (which was the total aggregated spend in relation to this contract and included both this award as well as the previous contract) and should have instead stated £90,000 (the cost for this award specifically).

#### VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

The Provider Selection Regime specifies the lifetime value of the contract and an

administrative error was made when inputting the value that resulted in a total of £267,000 within the notice. This value is the combined total from the originally sourced contract in addition to the £90,000 for this specific contract. The correct value for this specific contract is £90,000.

# VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £267,000

Total contract value after the modifications

Value excluding VAT: £90,000
