### **Scope**

### **Reference**

C398635

### **Description**

This contract is for an External Quality Assurance system for radiologists reporting scans for the Lung Cancer Screening Programme (LCSP).

The External Quality Assurance system provides rigorous training and quality assurance for radiologists by assessing their ability to accurately interpret thoracic CT images, ensuring early detection of lung cancer while minimising false recalls. The External Quality Assurance system supports consistent diagnostic standards across screening sites but also contributes to continuous professional development by awarding CPD points. This service is vital for maintaining high-quality screening, ultimately leading to improved patient outcomes.
