Description of possible extension:

The Framework will be established as an Open Framework under section 49 of the Procurement Act. The second Framework will be awarded before the third anniversary of the commencement date, it is estimated this will be Q2/2028. As such, suppliers which

have not been appointed to the first Framework will have the opportunity to be appointed to a subsequent Framework. Following the second Framework, NEPO intends to award further successive Frameworks at least every 3 years until expiry of the Open Framework term, which will not exceed eight years in total (in accordance with section 49(2)(c) of the Act).

NEPO reserves the right, at its sole discretion, to reopen the Open Framework throughout its term to award a successive Framework in the scheme. NEPO may exercise this right where there is a need to increase capacity in the market or to respond to emerging market conditions or to address additional works requirements or to replace a supplier due to failure/poor performance/material breaches. In each case, a Tender Notice shall be published informing suppliers of the procurement process for the next Framework in the scheme.

Each Framework under the Open Framework will expire on the award of the next Framework in the scheme. However, if a Framework expires while a process for the award of a Call-off Contract is ongoing, a Contracting Authority may continue to process and award the Call-off Contract as though the Framework had not expired.

NEPO reserves the right not to procure or award any successive Framework in the Open Framework scheme.
