Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Civil Engineering Framework

Reference number

FLS-1619

II.1.2) Main CPV code

- 45220000 - Engineering works and construction works

II.1.3) Type of contract

Works

II.1.4) Short description

Forestry and Land Scotland (the Client) manages a network of roads and associated infrastructure, such as bridges, harvesting facilities, and extractive sites (quarries), to support access to and management of Scotland's national forests and land. In particular, the road network is essential in supporting sustainable harvesting and the haulage of timber.

The scope of this procurement is to provide access to a Civil Engineering Framework for the Client.

The Civil Engineering Framework will be made up of 55 multi-supplier Lots across five Lot Types. The five Lot Types are as follows:

- Maintenance and Small-Scale Works (21 Lots)
- Large-Scale Works and Grading (14 Lots)
- Crushing (9 Lots)
- Bridge Maintenance and New Bridges (10 Lots)
- Panel Bridges (1 Lot)

II.1.5) Estimated total value

Value excluding VAT: £86,610,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for maximum number of lots
29

Maximum number of lots that may be awarded to one tenderer: 29

II.2) Description

II.2.1) Title

Maintenance and Small-Scale Works - Caithness, Sutherland and Easter Ross

Lot No

1

II.2.2) Additional CPV code(s)

- 77300000 - Horticultural services
- 45221100 - Construction work for bridges
- 45221220 - Culverts
- 45221111 - Road bridge construction work
- 45221110 - Bridge construction work
- 45233120 - Road construction works
- 45233141 - Road-maintenance works
- 45233142 - Road-repair works
- 45233220 - Surface work for roads

II.2.3) Place of performance

NUTS codes

- UKM61 - Caithness & Sutherland and Ross & Cromarty

II.2.4) Description of the procurement

This Lot is for the provision of maintenance and small-scale works in Caithness, Sutherland and Easter Ross. This may include (but is not limited to):

- Road maintenance including rutting, potholes etc
- Drainage works including ditching, culvert installation and replacement
- Construction and maintenance of harvesting facilities
- Vegetation control
- Construction and maintenance of turning points and passing places

Economic operators may be excluded from this competition if they are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

List and brief description of selection criteria

4B.5 - Levels of Insurance

Minimum level(s) of standards possibly required

It is a requirement that tenderers hold, or can commit to obtain prior to the commencement of the framework, the types and levels of insurance indicated below:

- Employer's (Compulsory) Liability Insurance = 5 million GBP
- Public Liability Insurance = 5 million GBP

Please note, it is a legal requirement that all suppliers hold a minimum of 5 million GBP Employer's (Compulsory) Liability Insurance except those companies which are exempt in specific circumstances. For further guidance see: <http://www.hse.gov.uk/pubns/hse40.pdf>

III.1.3) Technical and professional ability

List and brief description of selection criteria

4C.1 - Experience

4C.4 - Supply Chain Management/Tracking

4C.6 - Qualifications

4C.9 - Tools, Plant and Equipment

4C.10 - Subcontracting

4D.1 - Health & Safety

4D.2 - Environmental Management

Minimum level(s) of standards possibly required

Provision of a Construction Phase Plan (CPP) and Risk Assessment and Method Statement (RAMS) from a previous job completed in the past 5 years that is relevant to any of the Lot Types being tendered for. The submitted document(s) must demonstrate the approach to managing health and safety risks and constraints commonly encountered in works for the Client.

Confirmation that the tenderer has awareness of, and will adhere to, to all relevant obligations under the Human Trafficking and Exploitation (Scotland) Act 2015 and the Modern Slavery Act 2015 and will take all reasonable steps to ensure its supply chain does the same.

If the tenderer's annual turnover is 36 million GBP or more, a link to its most recent Slavery and Human Trafficking Statement must be provided.

Systems in place to ensure prompt and effective payment throughout the supply chain.

Evidence of standard payment terms (e.g., number of days)

Evidence that 95% of supply chain invoices were paid on time in the last financial year or evidence of a payment improvement plan, signed by a director (or equivalent).

Confirmation that the educational and professional qualifications requirements set out in the procurement documents are met.

Confirmation of holding or having access to equipment that meets the requirements set out in the procurement documents.

Tenderers are required to confirm whether they intend to subcontract and, if so, for what proportion of the Lot Types tendered under the framework.

Suppliers are not permitted to subcontract 100% of the works under any Lot. The Supplier retains direct responsibility for delivering a substantial portion of the works using its own resources, personnel, and equipment.

The Client may reject tenders where it is evident that the tenderer lacks the direct capability to deliver the works and is attempting to rely entirely on subcontracting.

A UKAS (or equivalent), accredited independent third-party certificate of compliance in accordance with ISO 45001 (or equivalent) or have, within the last 12 months, successfully met the assessment requirements of a construction-related scheme in registered membership of the Safety Schemes in Procurement (SSIP) forum.

or

A Health & Safety Policy which meets the requirements set out in the procurement documents.

A UKAS (or equivalent) accredited independent third-party certificate of compliance with BS EN ISO 14001 (or equivalent) or a valid EMAS (or equivalent) certificate.

or

An Environmental Policy which meets the requirements set out in the procurement documents.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

Envisaged maximum number of participants to the framework agreement: 50

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2025/S 000-035538](#)

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

8 December 2025

Local time

12:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Tender must be valid until: 7 April 2026

IV.2.7) Conditions for opening of tenders

Date

8 December 2025

Local time

12:00pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: September 2029

VI.2) Information about electronic workflows

Electronic ordering will be used

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The maximum number of Lots that each tenderer can submit tenders for in each Lot Type is as follows:

Maintenance and Small-Scale Works - 10 Lots

Large-Scale Works and Grading - 8 Lots

Crushing - 5 Lots

Bridge Maintenance and New Bridges - 5 Lots

Panel Bridges - 1 Lots

Question Scoring Methodology for Quality (Technical) Criteria:

0 - Unacceptable - Nil or inadequate response. Fails to demonstrate an ability to meet the requirement.

25 - Poor - Response is partially relevant and poor. The response addresses some elements of the requirement but contains insufficient/limited detail or explanation to demonstrate how the requirement will be fulfilled.

50 - Acceptable - Response is relevant and acceptable. The response addresses a broad

understanding of the requirement but may lack details on how the requirement will be fulfilled in certain areas.

75 - Good - Response is relevant and good. The response is sufficiently detailed to demonstrate a good understanding and provides details on how the requirements will be fulfilled.

100 - Excellent - Response is completely relevant and excellent overall. The response is comprehensive, unambiguous and demonstrates a thorough understanding of the requirement and provides details of how the requirement will be met in full.

Any tender that receives a score of Fail on one or more Pass/Fail Quality (Technical) questions, a score of less than 2 for one or more Scored Quality (Technical) questions, or a total Quality (Technical) score below 50% out of 100% may be excluded from the tender.

The Client may modify the Framework Contract, irrespective of the monetary value of modifications, within the scope permitted under Regulation 72(1), and specifically under Regulation 72(1)(a) of the Public Contracts (Scotland) Regulations 2015, should operational reasons require it as detailed in the procurement documents.

A tender training webinar will be delivered by the Supplier Development Programme (SDP) during the tender period to provide interested parties with a better understanding of how to tender for the framework. The webinar session will take place on 20/11/2025 from 14:00-15:30.

Attendance at this session is optional. Interested parties can book a place to attend the webinar via the following link – <https://www.sdpscotland.co.uk/events/forestry-and-land-scotland-civil-engineering-opportunity-1956/>

SDP is available to assist suppliers with public procurement including training events: <https://www.sdpscotland.co.uk/>

The Scottish Government Supplier Journey: www.supplierjourney.scot

The Buyer Help and Guidance on PCS-T: <https://www.publictendersscotland.publiccontractsscotland.gov.uk/web/buyerhelp.html>

The buyer is using PCS-Tender to conduct this ITT exercise. The Project code is 30370. For more information see:

<http://www.publiccontractsscotland.gov.uk/info/InfoCentre.aspx?ID=2343>

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

The use of sub-contractors will apply to requirements tendered through the framework; however, the Sub-Contract Clause will not be used. Most of the supply base are micro or small businesses, and the application of the Sub-Contract Clause may deter suppliers from tendering.

Community benefits are included in this requirement. For more information see: <https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

- Engagement with a school/college/university
- Engagement with a local community
- Use of local sub-contractors
- Work placements and/or trainee placements
- Vocational Training to Upskill the Workforce
- Targeted Recruitment
- Apprenticeships

(SC Ref:812595)

VI.4) Procedures for review
