Description

Research and Consultancy Services to deliver a Retrofit Social Value Model

In collaboration with Warmer Homes London and London's 27-member Social Housing Fund (SHF) Wave 3.0 Strategic Partnership (SP), the Pan-London Green Jobs & Skills Working Group are taking forward an innovative proposal to establish a pan-London Retrofit Skills Social Value Service. Warmer Homes London was launched in February 2025 by London Councils and the Mayor of London, with a mission to make Londoners' homes greener, healthier and more affordable to heat by being more energy efficient.

The aim of the Retrofit Skills Social Value service is to address systemic barriers by leveraging social value funds generated from London's 27-member Strategic Social Housing Fund Partnership through a systematic approach that coordinates borough and other levers to drive green jobs and skills.
