Description

Curo are seeking to appoint a single Contractor with the experience and expertise to supply and install electronic door entry wall mounted fob readers and handle sets across a programme of Curo owned residential blocks. These blocks are currently fitted with iButton wall readers and handle sets that all require replacing.

The programme includes approximately 336 wall mounted fob readers, and 81 fob access handle sets across 83 sites. The programme includes the supply of fob credentials and any associated door entry control units and where necessary cabling.

The Contractor will be required to decommission, make safe, remove and recycle the existing iButton electronic door entry fob readers, door entry control units and any degraded cabling where required and supply, install, commission and test a replacement solution.
