Procedure

Procedure type

Direct award

Direct award justification

- Single supplier - technical reasons
- Additional or repeat goods, services or works - extension or partial replacement

A direct award to The Charity Learning Consortium is considered the most proportionate and efficient approach for this 12-month extension for Moodle E-Learning Platform. The current platform continues to meet WRAP's operational and compliance needs, and undertaking a full re-procurement at this stage would require additional time and resources for what would be a short-term solution. Extending the existing arrangement will ensure continuity, value for money, and sufficient time to assess long-term training requirements before re-tendering in 2026/27.
