## **Asset Investment Management Planning (inc Cost Capture & Modelling & Cost Estimation)**

ANGLIAN WATER SERVICES LIMITED

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2025/S 000-072961

Procurement identifier (OCID): ocds-h6vhtk-055d9c ([view related notices](#))

Published 11 November 2025, 4:45pm

### **Scope**

### **Reference**

2023 1034

### **Description**

Anglian Water intends to procure and implement a modern, scalable, cloud-based Asset Investment Planning and Management (AIPM) system delivered as a SaaS solution. The system must enable optimised, risk-informed investment decisions across the asset base and support long-term planning (up to 50 years), cost-benefit optimisation, emergent risk management, cost capture and modelling, and cost estimation. It should integrate seamlessly with existing digital architecture, improve transparency, regulatory compliance, and deliver whole-life value from asset investments while remaining adaptable to emerging risks and business priorities. The anticipated contract term is 10 years from implementation, with an estimated value of £8,000,000.

## **Total value (estimated)**

- £8,000,000 including VAT

Above the relevant threshold

## **Contract dates (estimated)**

- 1 May 2027 to 30 April 2030
- Possible extension to 30 April 2037
- 10 years

Description of possible extension:

Anglian Water is looking to award a contract to one Bidder to deliver the requirements an initial 3 year with the ability to extend for further periods of one year each or for any alternative periods and not expiring later than 10 years from the "Go Live" date.

## **Options**

The right to additional purchases while the contract is valid.

Anglian Water reserves the right to procure additional services and / or software from the selected Bidder which it offers either now or in the future which may either replace the procured software (for example through an alternative licensing model) or is considered to be reasonably ancillary to the software/services being procured (which shall include without limitation cost and risk related modules / functionality).

## **Main procurement category**

Services

## **CPV classifications**

- 72260000 - Software-related services

## **Contract locations**

### **Award criteria**

<b>Name</b>	<b>Type</b>	<b>Weighting</b>
Qualitative	Quality	45%
Pricing	Price	35%
System Demonstration	Quality	20%

---

### **Other information**

#### **Conflicts assessment prepared/revised**

Yes

## **Procedure**

### **Procedure type**

Competitive flexible procedure

### **Competitive flexible procedure description**

This procurement will follow a structured, multi-stage process designed to ensure transparency and value. The procedure will begin with a Pre-Qualification Questionnaire (PQQ) to assess baseline compliance and capability. Qualified suppliers will then be invited to submit a Request for Information (RFI), which will be scored to identify the top four candidates progressing to the Request for Proposal (RFP) stage. The RFP will include a demonstration component as part of the scored evaluation to validate technical and functional requirements. Following this, commercial negotiations will take place to refine terms and achieve best value before final award.
