- 5 months, 26 days

Main procurement category

Works

CPV classifications

- 45262300 - Concrete work

Engagement

Engagement deadline

26 November 2025

Engagement process description

The purpose of this engagement is to identify suppliers with an interest in carrying out trials to test the feasibility and practicality of commercially available mobile concrete batching plants to produce grout and concrete for the encapsulation of waste arising from nuclear reactor decommissioning.

To obtain further information, including all documentation, please follow these steps:

1. Log in to the supplier portal at: <https://atamis-2464.my.site.com/s/Welcome>.
2. Locate the opportunity using 'Find Opportunities' or use ref C28066.

For suppliers interested in working with NRS on these trials, please send your contact details to rachael.sheriff@nrservices.uk

Please note that participation in this preliminary market engagement and/or the trials will not provide any commercial advantage or disadvantage and/or any commitment from NRS to engage with any subsequent procurement arising as a result of these trials.
