The high-level objectives of the service are:

Deliver Safe, High-Quality Primary Medical Services

- Provide comprehensive, person-centred, and evidence-based care that meets the core requirements of the GMS contract.
- Ensure care is delivered in line with CQC standards and clinical best practice.
- Maintain a strong focus on patient safety, safeguarding, and continuous quality improvement.
- Achieve a deep understanding of the population that the practice serves and shape the service to meet need

Provide accessible and equitable access across sites

- Implement robust appointment systems that meet the needs of diverse populations, including vulnerable groups.
- Support the delivery of modern general practice through adoption of appropriate digital tools, including online consultation, digital triage, and shared care records.
- Ensure parity of access according to patient preference across walk in, online and telephone

Ensure Financial and Contractual Sustainability

- Deliver services efficiently and within the financial envelope of the GMS contract.
- Ensure a long term sustainable financial and delivery model for the practice.
- Maintain full compliance with contractual, legal, and regulatory obligations, including reporting and assurance requirements.

Integrate Effectively Within the Yeadon Primary Care Network (PCN)

- Collaborate with the two other practices within the PCN to deliver network services and share staffing resources effectively, to best use under the Additional Roles scheme.
- Share resources, data, and best practice to drive innovation and service improvement.

Contribute to Population Health Management

- Use practice-level data and intelligence to proactively manage the health of the registered population.
- Work in partnership with West Yorkshire Integrated Care Board (ICB), PCN, and other stakeholders within the PCN and wider system to address health inequalities and improve outcomes.

Support Workforce Sustainability and Development

- Bring stability, support and development opportunities to a workforce who have experienced change in leadership
- Build and retain a multi-professional workforce that is skilled, resilient, and capable of meeting future primary care demands.
- Provide appropriate training, supervision, and leadership development opportunities for staff at all levels.
- Implement measures to improve staff satisfaction and retention
- Ensure an open and transparent culture with all staff aware and confident on Freedom to Speak Up principles and process.

Patient Experience

- Maintain an active Patient Participation Group (PPG) that reflects the diversity of the practice population and contributes to service improvement.

- Use structured patient feedback mechanisms (e.g. Friends and Family Test, national and local surveys, focus groups) to gather insight and inform changes.
- Operate a clear, responsive complaints process that encourages feedback and ensures learning from all complaints and concerns.
- Share learning and improvement actions with patients and staff in a transparent way.
- Embed a culture of continuous learning and improvement from patient feedback across all staff.
