## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

PROC 25-3165 EV Phase 2 – Design, DNO, Supply and Install

Reference number

PROC 25-3165

#### **II.1.2) Main CPV code**

- 31600000 - Electrical equipment and apparatus

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Background/Overview of Overall Requirement

The Scottish Police Authority has a requirement to deliver Phase 2 of the EV Delivery Programme, which is a similar scale to the Phase 1 delivery which recently completed.

The requirements for Phase 2 include for EV Charger works design, Supply of chargers, DNO requirements for sites and Installation works across 50 locations (number of chargers AC/DC varies per site as will the electricity supply requirements) within mainland Scotland. The type of chargers will vary, a selection of fast AC, Rapid DC and Ultra-Rapid DC chargers dependent upon the number of vehicles and the role they carry out at each specific site.

This request is to carry out initial scoping of the market availability, Contract options (turnkey considerations as well as separate/partially bundled options), timescales and Contract types utilized. We would also value any suppliers views on what has worked well in the marketplace for them as well as their Client for works of a similar size/scale.

Note: Police Scotland have a single back-office provider, the successful company will require to work in partnership with them to ensure all new chargers are added to the system.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

## **II.2) Description**

### **II.2.2) Additional CPV code(s)**

- 34144900 - Electric vehicles
- 31158100 - Battery chargers
- 31610000 - Electrical equipment for engines and vehicles
- 31680000 - Electrical supplies and accessories
- 31681500 - Rechargers
- 45223300 - Parking lot construction work
- 45233120 - Road construction works
- 45310000 - Electrical installation work
- 34900000 - Miscellaneous transport equipment and spare parts
- 31600000 - Electrical equipment and apparatus
- 50000000 - Repair and maintenance services
- 50230000 - Repair, maintenance and associated services related to roads and other equipment
- 45317000 - Other electrical installation work
- 45311000 - Electrical wiring and fitting work
- 31200000 - Electricity distribution and control apparatus
- 31682000 - Electricity supplies
- 50100000 - Repair, maintenance and associated services of vehicles and related equipment

### **II.2.3) Place of performance**

NUTS codes

- UKM - Scotland

Main site or place of performance

Across multiple Police Scotland sites

## **II.2.4) Description of the procurement**

This is a scoping exercise to understand market views on this requirement.
