Scope

Description

This procurement is for consultancy services to produce a series of visualisations to illustrate and communicate emerging town centre growth. The commission will be delivering effective visuals for inclusion within the emerging Ilford Opportunity Area Planning Framework (OAPF). The visualisations will be central to the success of the guidance.

This request for additional works is consistent with the procurement rationale outlined above. In accordance with Schedule 5, paragraph 7(a) of the Procurement Act 2023, we consider the justification for this direct award to be compliant, as a change in supplier would result in the contracting authority receiving goods, services, or works that are either different from or incompatible with those already in place. This requirement is consistent with the ongoing delivery of the current service arrangement.
