Description

NCC has been granted funding to complete the remaining EV chargepoint installations.

Previously, NCC ran a mini competition via the Oxford Council DPS, which they managed. This resulted in two contracts being awarded:

- One for on-street chargers
- Urban Fox for lighting column chargers

The supplier for on street chargers has now confirmed they are unable to deliver the remaining on-street chargers. Therefore, NCC has decided to direct award the remainder of the contract to Urban Fox Networks, who have:

- Successfully delivered under the existing contract
- Ranked second in the original on-street charging tender

Urban Fox has confirmed they can deliver the remaining chargers within the required timeframe.
