Description

The East Riding of Yorkshire Council covers an area of 930 square miles. The council has approx. 3400km of highway network and numerous flood risk assets throughout the county of the East Riding of Yorkshire, with surface water drainage which is required to be maintained through Jetting and CCTV services. The East Riding of Yorkshire has many miles of culverts, highway drainage assets and flood risk assets that require maintenance on a regular basis. The contract is designed to reduce the risk of flooding, by cleaning, inspecting and mapping drainage assets, including watercourses, culverts, highway interceptors and soakaways. Successful Tenderers may be required to carry out work/services at any location within the East Riding of Yorkshire.
