Procurement identifier (OCID): ocds-h6vhtk-0509b4

Published 14 November 2025, 6:55pm

Changes to notice

This notice has been edited. The [previous version](#) is still available.

Updated with correct file for lot descriptions, CPV codes and estimated Lot values

Scope

Reference

RM6403

Description

PLEASE NOTE - there are 91 lots for this Framework. Due to technical difficulties the notice has been populated as 3 lots (Lots 1-46, Lots 47-90 and Lot 91). Some CPV codes do not apply to all Lots (eg. Pearls and Enamels and Glazing do not apply to all lots - details can be found in Attachment 6 Specification and Technical Specifications).

This procurement is being undertaken by Cabinet Office ('the Authority') on behalf of the Central Chancery of the Orders of Knighthood ('CCOK' 'Buyer') to establish a series of frameworks for the provision of medals and insignia, which form part of the UK state honours system.

CCOK administers UK state honours, this includes the organisation of investitures, acting as the custodian of state insignia and overseeing the day to day administration of the Orders of Chivalry. The majority of honours are awarded on the advice of Cabinet Office, including MBEs, OBEs and CBEs. CCOK was established in 1904 by King Edward VII in response to changes to the administration of the honours system.

This framework opportunity includes 91 Lots.

The Authority intends to award a framework agreement to the highest scoring supplier, i.e. the most advantageous tenderer, for each of the lots 1 - 90, as preferred supplier ('PS'). The Buyer intends to enter into a call-off contract on a direct award basis, pursuant to the framework, for its requirements under that particular lot with the PS.

The Authority will also award a framework agreement to the second and third highest scoring suppliers as first tier contingency supplier ('FTCS') and reserve contingency supplier ('RCS') for each of the lots 1 - 90 who may be offered an opportunity to deliver under the framework in exceptional circumstances (please see the procurement documents for the exceptional circumstances).

Suppliers appointed to any of the lots 1 - 90 in PS, FTCS or RCS capacity will automatically be appointed to lot 91 and will have an opportunity to participate in further competitions pursuant to lot 91, as and when those lot 91 requirements arise. Note, there is no specification for lot 91 (please see the procurement documents for the lot 1 - 90 technical specifications).

There are no restrictions on the volume of lots that you may seek appointment to, although the Authority will award the lots in accordance with the Authority's lot allocation rules, where restrictions apply (please see the procurement documents for the lot allocation rules).

This is to ensure continuity of supply and to ensure that the potential barriers faced by small and medium enterprises ('SMEs') are reduced to ensure SMEs can access the

procurement and the requirements.

The Authority is adopting a multi stage competitive flexible procedure ('CFP') process pursuant to section 20(2)(b) of the Procurement Act 2023 and is inviting suppliers to submit a request to participate response.

Please note the Authority and /or Buyer (as the case may be) reserves the right to obtain additional or repeat goods / services from an existing supplier similar to the goods / services procured in accordance with this procurement / tender notice pursuant to Paragraph 8 of Schedule 5 of the Procurement Act 2023

Suppliers wishing to access the procurement documents and submit a request to participate response must first register on the Jaggaer eSourcing Tool using the following link <https://crowncommercialservice.bravosolution.co.uk>.

Framework operation description

At Stage 1 Bidders will be asked to complete a Procurement Specific Questionnaire. Responses will be evaluated and all organisations which are successful at Stage 1 will be invited to submit a tender at Stage 2.

At Stage 2 tenders will be evaluated on their technical, social value and pricing proposals to identify a Preferred Supplier for each Lot. A First Tier Contingency Supplier and a Reserve Contingency Supplier shall also be identified for each Lot 1-90.

Organisations which progress to Stage 2 will be asked to provide a per unit price for each Lot for which they bid. To assist organisations with determining their prices, technical specifications are provided for each Lot and organisations which progress to Stage 2 will be invited to visit the Authority's premises to examine physical medals and insignia before submitting a tender.

A competitive procedure will be conducted for requirements under Lot 91 if any arise.

Award method when using the framework

Either with or without competition

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

The procurement will be undertaken in two stages:

Stage 1 - Invitation to Participate (ITP)

Suppliers are invited to submit a request to participate response.

The Authority will use this ITP stage, which consists of the procurement specific questionnaire and conditions of participation, to shortlist suppliers, for each of the lots 1 - 90, who pass all of the pass / fail requirements, to take forward to the ITT stage of this competitive flexible procedure procurement process.

Stage 2 - Invitation to Tender (ITT)

Shortlisted suppliers from Stage 1 will be invited to attend a demonstration event, following such, those suppliers will be invited to submit a tender to allow the Authority to identify the PS, FTCS and RCS for each of the lots 1 - 90.

Suppliers appointed to any of the lots 1 - 90 in PS, FTCS or RCS capacity will automatically be appointed to lot 91 and will have an opportunity to participate in further competitions pursuant to lot 91, as and when those lot 91 requirements arise.

No negotiation stage will apply, although the Authority reserves the right to clarify responses.
