Description

Bridgend County Borough Council is seeking to procure an experienced provider to deliver specialist Early Help parenting support to families.

Eligibility for the service will be in line with criteria for the Welsh Government's Families First and Early Intervention Parenting Support Programmes.

We wish to appoint a provider that is an expert in the field. The work will involve coproducing a programme of interventions and activities which complement and work alongside the Council's own Early Help Hubs.

The objective of the service is to strengthen parenting confidence and resilience across all age ranges.

Core activity must include the delivery of structured and flexible interventions in the form

of evidence-based parenting courses and group-based workshops, for parents of younger children, school-age children and teenagers, covering themes such as positive behaviour management, establishing routines, effective communication, adolescent development and managing risk-taking behaviour.

Parents and carers will be provided with support to share experiences and build peer networks, reducing isolation and strengthening family resilience.

The provider will work directly with parents and families.

Where appropriate some families will receive individual in-depth coaching from the provider.
