Scope

Reference

WAR - 0022

Description

Warwickshire County Council's County Highways Service is responsible for the strategic planning, management, and maintenance of the county's highway network. This encompasses a wide range of functions including asset management, network coordination, inspections, customer engagement, and statutory compliance. These activities are supported by a suite of digital solutions that enable efficient operations, data-driven decision-making, and continuous service improvement.

As part of our ongoing service transformation, we are seeking a Highways Management Information Suite of Solutions (HMIS) that will modernise and streamline how County Highways operates. The aim is to deliver timely, efficient, and legally compliant processes that support strategic decision-making and contribute to the Council's broader organisational objectives.

Contract dates (estimated)

- 31 March 2026 to 31 March 2031
- Possible extension to 31 March 2036
- 10 years, 1 day
