Goods

CPV classifications

- 30210000 - Data-processing machines (hardware)

Contract locations

- UK - United Kingdom

Other information

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Special regime

Utilities

Direct award justification

- Single supplier - intellectual property or exclusive rights
- Single supplier - technical reasons

The goods and services required (supply, installation, and support of high-performance database appliance systems) can only be provided by a particular supplier due to exclusive rights, technical compatibility, or the absence of reasonable alternatives.

The procurement is necessary to ensure continuity of critical IT infrastructure and support for business operations, where substituting the supplier would not be feasible without significant risk or disproportionate cost.

The contract value and scope have been assessed to ensure compliance with the

relevant thresholds and requirements under the Act.
