Bracknell Forest Council is reopening the Home Care Framework.

The Council is inviting applicants to join the Framework for the provision of home care services. The Framework is used by the Council as a means to advertise, tender and award 'call-off agreements' for services that have common characteristics e.g. packages of care.

The original framework commenced in April 2022. The framework could be reopened at the Council's discretion. The expiry of the framework term is 30 September 2027.

Successful tenderers are anticipated to enter the Framework from January 2026. Once admitted to the Framework, Providers will be able to bid for any packages that are offered to Framework Providers where they are able to meet the Council's requirements.

The service is intended to support individuals aged 18+ who live within Bracknell Forest and meet the eligibility threshold for care and support as set out in the Care and Support (Eligibility Criteria) Regulations 2014 for the Care Act 2014. Individuals will have a range of care needs, including complex and challenging behaviours. The service includes activities such as personal care, discharge to assess and supports the reablement of individuals following hospital admission. Although provision is for 18+ this specific service is primarily and foremost a regulated activity for the 65+, delivered by CQC registered providers.

Support to individuals with Learning Disabilities (referred to as 'Supported Living' in Bracknell Forest), is provided through a set of separate market arrangements and so is not in scope for this tender.
