### Scope

## **Description**

Providing strategic planning advice on land use planning matters to GBE-N and its associated organisations.

Providing leadership in the development and delivery of all land use planning applications, including TCPAs and project DCOs.

Providing leadership in the delivery of post-application planning activities, including but not limited to responses to questions from planning authorities, DCO examination, appeals processes, discharge of conditions and requirements.

Acting as the client representative in engagement with regulatory and other stakeholders as well as acting as expert witness during DCO examination, in Appeals processes and other relevant engagement activities.

Leading the development of the People and Economy baseline, assessment, mitigation and compensation measures.

Providing support to the Environmental Services and Permitting Services supplier(s) in the development of impact assessments.

Support in the delivery of optioneering, master planning and site design activities, providing relevant expert resource into the activities as necessary.

In addition to the above, depending on the inhouse ability of the Planning Services contractor, Traffic and Transport assessment support may also be drawn from this contracting route.

Planning and support in the procurement and management of any additional suppliers to deliver specialist services in respect to the above and future project activities.

#### **Total value (estimated)**
